Dr. Ir. Ismariny, M.Sc.

Acting Assistant Deputy for National Logistics Development
Coordinating Ministry for Economic Affairs, Republic of Indonesia

Mrs. Ismariny graduated with a Bachelor of Chemical Engineering from Université de Nancy 1 in 1992, a Master of Chemical Engineering from Ecole Nationale Supérieure des Industries Chimiques (ENSIC) – Nancy in 1994, and a Doctorate in Administrative Sciences from Universitas Indonesia in 2019.

She began her career at the Agency for the Assessment and Application of Technology (BPPT) in 2006 as Head of Polymer Technology Division and later served as Senior Researcher and Coordinator for Regional Innovation Systems in Gunungkidul. Between 2009 and 2020, she held several senior engineering and policy advisory roles at BPPT, including Special Assistant to the Deputy for Technology Policy on Human Resources and Organizational Reform.

In 2020, she was appointed as Assistant Deputy for Food and Agribusiness Infrastructure at the Coordinating Ministry for Economic Affairs. In 2025, she was assigned to Assistant Deputy for Domestic Trade, Consumer Protection, and Market Order, while also serving as Acting Assistant Deputy for National Logistics Development at the same ministry.

Throughout her career, she has been actively involved in the formulation of Indonesia’s National Standards (SNI) and has extensive experience in science, technology, innovation systems, agribusiness infrastructure, and logistics policy development.
