Mr. OMORI Takao

Distinguished Research Fellow
Japan International Transport and Tourism Institute

Omori Takao was appointed as the Distinguished Research Fellow of the Japan Transport and Tourism Research Institute (JTTRI) in January 2023.

He has nearly 40 years experience in the field of transportation and logistics.

Mr. Omori joined Mitsui & Co. in 1985 and managed various logistics related projects, such as supply chain optimization and warehouse automation. He was also involved in investment and portfolio management to better operate logistics infrastructure at ports, distribution centers and air cargo terminals in over 10 counties.

He was the Director-General of New Priok Container Terminal One in Tanjung Priok, Jakarta, Indonesia in 2019-2022. He also has experience as the CEO of Portek International, Singapore and the CEO of Intermodal Terminal Inc., Long Beach, California in the U.S.A.

Mr. Omori has been the Independent Director of AIOI Systems, Co., Ltd. since 2023.
